Dear Sir, Madam.

1. Information Disclosure Statement: Enclosed you will find the filled FORM SB 08A(08.03).

2. Replacement drawings: Due to a mistake the numbering of the drawings you have received is wrong, therefore I am sending you replacement drawings with a proper page numbering.

3. Amendment priority date: The filing date of the German utility patent which I have stated to claim domestic priority was also a mistake. I stated April 15.2003, but the proper date is April 16.2003.

4. Certificate of foreign priority: I am sending you the official priority certificate of the German Patent and Trade Mark Office for my utility patent application No 203 06 167.5 in Germany. Filing date is April 16.2003.

With kind Regards,

Savvas Roubanis
